

A Day at The Ranch

Each day begins with a quiet moment- a welcoming thought to center hearts and minds.

From there, children are gently guided through horse safety, balance, and horsemanship- learning to understand not just how to ride, but how to connect. Through hands-on experience, they explore horse psychology, equipment, and care— building confidence, trust, and responsibility with every step. It's more than a day at camp... it's a place to grow.

A Place To Grow

At Wild Rhody Ranch, we believe every child deserves a place to feel confident, capable and connected.

Through hands-on experience with horses, children gain more than just riding- they build trust, responsibility, and a lasting sense of accomplishment.

Our calm, supportive environment allows each child to grow at their own pace, creating meaningful experiences that last a lifetime.
